In these 76 "big time" FBS athletics programs, women head coaches continued to decline from 2012-'13 (40.2%) to 2013-'14 (39.6%). The purpose of this report card is to increase awareness about the decreasing percentage of women coaches, present a mechanism to hold institutions accountable, and provide a starting point for national dialogue.

To find out why women coaches matter and to view the full report including method, grading criteria, data for all coaching positions, and grades by sport and FBS conference, visit www.TuckerCenter.org
