COVID-19 VACCINE

GET THE FACTS.

STAY SAFE AFTER BEING VACCINATED.
PROTECT YOUR COMMUNITY.

It takes two weeks after your last shot to get all the protection the vaccines offer.
In order to stay protected from COVID-19, it is important to stay up-to-date on your COVID-19 vaccines, including getting booster shots when you are eligible.

2 WEEKS

STAY SAFE AFTER BEING VACCINATED

Even after getting the vaccine, continue to:

Wear a mask.	Practice social distancing.	Avoid gatherings with many people.	Wash your hands frequently.	Disinfect high-touch areas.

Even if you are fully vaccinated, get tested for COVID-19 right away if:

You have been around **someone with COVID-19 and start to feel ill.** Also stay home and away from others.

You **live with many people** and have been **around someone with COVID-19. Even if you do not feel ill, get tested.** Also stay home and away from others.
