## Control the trajectory of therapeutic drug levels with precision-guided care

At last, PredictrPK® IFX provides objective, individualized predictions of optimal biologic dose and interval that empower you to:

- Take an evidence-based approach to increase certainty of achieving treatment targets
- Ensure patients get the most from infliximab therapy
- Accelerate treatment optimization and improve patient confidence

**To obtain evidence that empowers, contact your local representative Chris (cwright@prometheuslabs.com) or Britt (bbeaton@prometheuslabs.com)**
