This activity did not receive any commercial support/educational grants.

Thank you for your support!

You're invested. So are we.

Medtronic

**Aortic & Peripheral Support
where & when it matters**

**Technical
expertise**

**Robust Aortic & PAD
clinical experience**

Valiant™ Captivia™ thoracic stent graft system

Deploy durability.

12 years of worldwide experience

5-year outcomes in all DTA pathologies

Precise deployment and optimal seal

Medtronic
Engineering the extraordinary

**New milestone of
durability**

ENGAGE OUS REGISTRY 8Y DATA

**DIRECTIONAL
ATHERECTOMY
SYSTEMS**

HawkOne™
Directional Atherectomy
System

**DRUG-COATED
BALLOONS**

IN PACT™ AV
Drug-Coated Balloon

IN PACT™ Admiral™
Drug-Coated Balloon

ENDOAVF

Ellipsys™
Vascular Access System

**INTRAPROCEDURAL
MONITORING**

FlowMet™
Peripheral Blood Flow Monitoring System

**CTO
DEVICES**

Enteer™
Re-entry System

Viance™
Crossing Catheter

STENTS

EverFlex™
Self-expanding Peripheral
Stent System

Visi-Pro™
Balloon-expandable Peripheral
Stent System

Aortic contact: Steve Scheffley – (612) 817-6433 Stephen.o.Scheffley@Medtronic.com
Peripheral contact: Carrie Wermager – (651) 571-6491 Carrie.Wermager@Medtronic.com

PURPOSE-BUILT SOLUTIONS

Extracting large clots from large vessels without the need for thrombolytics or ICU stay.

FlowTrievers® Retrieval/Aspiration System

ClotTrievers® Thrombectomy System

Inari Medical is a commercial-stage medical device company focused on developing products to treat and transform the lives of patients suffering from venous diseases. Our initial product offering consists of two minimally-invasive, novel catheter-based mechanical thrombectomy devices. We purpose-built our products for the specific characteristics of the venous system and the treatment of the two distinct manifestations of venous thromboembolism, or VTE – deep vein thrombosis and pulmonary embolism. Our ClotTrievers product is FDA-cleared for the treatment of deep vein thrombosis, or DVT. Our FlowTrievers product is the first thrombectomy system FDA-cleared for the treatment of pulmonary embolism, or PE.

Ruby® Coil

Penumbra
Peripheral Embolization System
Designed for Immediate and Mechanical Occlusion

Translumbar Type II Endoleak
Dr. Darren Schneider, Penn Heart and Vascular Center, PA

Indigo® System | Computer-Aided Mechanical Thrombectomy

LEAD WITH LIGHTNING® 7
Designed for **Single Session Thrombus Removal**

Removal of Thrombus from Below-the-Knee
Dr. Paul Perkowski, Ochsner LSU Health Shreveport, LA

Removal of Thrombus from Bypass Graft
Dr. Frank Arko, Atrium Health, NC
